

VISITOR RESTRICTIONS DURING COVID-19

Effective at 5 p.m. today, Friday, March 13, 2020, we are restricting visitors to The Christ Hospital main campus, (2139 Auburn Ave., Cincinnati) and our Liberty Township campus (6939 Cox Rd., Liberty Township) to ensure the health of our patients, visitors, healthcare providers and community.

Exceptions may be made for:

- A single individual responsible for transporting a patient coming for a procedure or being discharged from the hospital.
- A single designated partner or primary caretaker for mothers delivering babies.
- End-of-life situations.

Visitors who meet these exemption criteria will be evaluated at the door upon arrival.

In addition, individuals coming to one of our ambulatory outpatient centers or physician offices will be restricted to a single visitor responsible for transportation, or visitors at the discretion of the healthcare provider.

Maintaining safety during the COVID-19 pandemic is our top priority. We realize these protocols can be inconvenient, but they are necessary to ensure the safety of the community and the patients we serve.

If you have any questions during regular business hours (8 a.m. – 4:30 p.m., Mon. – Fri.), please call 585-1200. For all other hours, please call 585-2000.
